We appreiate his ministry among the adults and his work will continue in Southern California. Besides his pastoral work, he edited the Weekly Japanese Church Bulletins and our Church directories.

Thank you, Mrs. Shiraishi, for playing the piano for our Adult Japanese services.

We wish for both of our ministers, a happy resettlement to their hometown. May God conimue to bless and use you in His ministry. It was certainly a joy to be associated with you in our work here.
